

Storyteller and musician Scott Kepnes will perform in Victory Park on August 4th at 6pm as part of the Manchester City Library's Family fare series sponsored by Citizens Bank. Scott will delight audiences with his funny blend of funky folk, rock tunes and stories. He has been entertaining families for over 18 years.

Scott Kepnes studied Early Childhood Education and is a graduate of the University of Massachusetts, Amherst. After college, while working for building contractors in the Berkshires, he began performing songs at area daycare centers and schools. In 1990 Scott began teaching preschool in the Boston area. This gave him the daily opportunity to write new songs, stories, try them out and his original repertoire evolved into the fun, educational, interactive performance of today!

In addition to his busy performing schedule Scott teaches preschool at the Lemberg Children's Center at Brandeis University, Waltham, Mass. He offers workshops for teachers and conferences. He loves the outdoors, enjoys backpacking and scuba diving. He and his wife Elizabeth and 2 children live in Merrimack NH.
